

Declare NOW in Genie

Minor in Gerontology !

Undergraduates prepare for your **own** aging, aging of your families, and aging within your chosen communities.

Enjoy expansive ***job opportunities*** while shaping the workforce needed to support the ***Silver Tsunami***— a doubling of the older adult population between now and 2030!

- 5 x 3-hr courses = ***15 credit hours outside of major***
- Available to ***any*** undergraduate major
- Appeals to students interested in allied health, business, non-profits, and research
- ***Envisioning Your Old Age*** (GRO 201) is the only required course.
