

Declare NOW in Genie

PBC in Gerontology !

Enjoy expansive *job opportunities* while shaping the workforce needed to support the *Silver Tsunami* — a doubling of the older adult population between now and 2030!

- The Post-Baccalaureate Certificate in Gerontology, offered as an online program, requires 16 credit hours that must be successfully completed during four academic years.
- Courses fulfilling the certificate program may be used to meet requirements in a degree program in accordance with the policies of The Graduate School.
- For application deadlines and admission requirements, see the [UNCG Guide to Graduate Admissions](#).
- In addition to Graduate School requirements, applicants must submit a *personal essay* elaborating on their experience or interest in working with older adults.
- Students wishing to pursue the certificate in gerontology while pursuing a graduate degree should consult with the Gerontology Coordinator and with the department of interest.

- **Required Core Courses (10 hours)**

GRO 501 Seminar: Critical Issues of Aging

GRO 600 Proseminar in Gerontology

GRO 621 Health and Aging

GRO 649 Gerontology Internship *or* Research Experience I

GRO 501 and GRO 600 should be completed during the first academic year after acceptance to the certificate program.

- **Electives (6 hours)**

To meet the student's educational objectives, six (6) hours are selected under advisement.
